Sequence preferred but not required.** **Select two courses from the following BIO, CHM, ENV, FOR, GOL, NAS, and PHY courses:** **BIO 100, 101, 102, 106,** **CHM 101 or 110 or 121, 111, 112** **ENV 121, 122** **FOR 265** **GOL 105 or 110 and 106** **NAS 131 or PHY 141 or PHY 150 and NAS 130 or NAS 132 or PHY 142** **PHY 100, 131 or 201, and 202**	**Recommended**
CS 1014	**CSC 110**	**Recommended**
CS 2114	**CSC 223**	**Recommended**
HTM 2314	**BUS 280**	**Recommended**
EDEP 2374	**PSY 245**	**Recommended**
EDCI 2574	**EDU 204**	**Recommended**
MGT 2064	**BUS 274**	**Recommended**
Education – Transfer Planning Note: Due to educator preparation and state licensure requirements, this major follows a structured course sequence. Most transfer students require approximately six semesters to complete degree requirements at Virginia Tech, regardless of previously earned credits. Students are encouraged to transfer after completing some of the recommended prerequisite courses listed above.		

Required course - In order to be competitive for admission, prospective transfer students must complete this course prior to transfer with few to no exceptions. Not every program has courses in this category.

Strongly Recommended course - Prospective transfer students are strongly encouraged to complete some or all courses in this category prior to transfer. Successful completion of a Strongly Recommended course both fulfills certain degree requirements and can help create a more competitive application for admission, but prospective transfer students with otherwise strong applications could be admitted without this course. Not every program has courses in this category.

Recommended course - Prospective transfer students are encouraged to complete some or all courses in this category prior to transfer. Successful completion of a Recommended course both fulfills certain degree requirements and can help create a more competitive application for admission, but Recommended coursework should be pursued in addition to coursework listed from the Required and Strongly Recommended categories. Prospective transfer students with otherwise strong applications could be admitted without this course.
